Portfolio [arkgrayer.github.io/portfolio/](https://arkgrayer.github.io/portfolio/)

GitHub [github.com/ArkGrayer](https://github.com/ArkGrayer)

Developer living in the city of Lavras da Mangabeira – Ceará, working on the best front-end and back-end technologies in the market (JavaScript, TypeScript, React.JS, Node.JS, HTML5, CSS3) – always seeking to bring incredible experiences to the users.

There is 1 year of programming experience, with a focus on UI interaction, motion and amazing user experiences. Skilled in a few things: designing, animating, prototyping and coding interactions, but always looking for the answer to: *"How can we create interfaces and features that people will love?"*

Expertise	Development Back-End: Coding (Node.JS, JavaScript, MySQL, basic React)
-----------	--

Other Skills	Interaction Design: UI, UX, Visual, Motion, coding in Unity (C#)
--------------	--
